

Wizer Technologies Group

*Wizer Technologies Group (a.k.a WTG) is a private holdings company headquartered in Tel Aviv, Israel.*

*Preciseness, Expertise, and Innovation are the group key values and key success factors.*

## Board of Directors

**Boaz Waizer**, Founder & Chairman of The Board. Boaz's entrepreneurial route started in 1981 when he purchased a micro catering company (CHEFA Ltd) with four employees on the payroll.

Under his leadership, the company grew up consistently and became the leader of the Israeli institutional catering market, employing more than 1,500 people.

In 1997 CHEFA became a partner with SODEXO, a world leader in the contract catering and facility management and joint venture with SERVAIR. Finally, Mr. Waizer sold his shares to his former partner and founded his own private investments house which focuses in the Hi-tech and mid-tech markets.

**Yossi Peled**, Board Member. Highly experienced business leader and entrepreneur. In addition to his activity at WTG, Mr. Peled is chairman of the board of directors of BRM GROUP, the Poultry Activity corporation of kibbutz Ma'anit, chairman of the board of directors of NextFerm -bio-foods company, Former CEO of Galam Corporation, and former chairman of the board of directors of Enzymotec (NASDAQ. ENZY).

**Ohad Waizer** M.B.A, CEO and Board Member. By the age of 21, Ohad joined his father's company and at the same time completed his academic studies both in Israel (IDC Herzliya) and in the United States (Kellogg's School of Management at NORTHWESTERN university, Chicago). His last position was as the business development manager at SODEXO Israel.

During the last 7 years Ohad serves as the C.E.O of the Waizer Technologies Group, where he is leading a team of great people into continues achievements and growth.

More than 50 Years of  
Preciseness, Expertise,  
and Innovation

## Current Holdings

**TAVIT TECHNOLOGIS:** Established in 1969, TAVIT TECHNOLOGIES is one of Israel's leading manufactures of packaging decoration labels. The company specializes in manufacturing of self-adhesive labels, sleeves, multi-layer labels, booklet labels, coupons, and In-Mold labels for leading companies in the pharma, food & beverage, personal care ,agrochemicals, and wine industries, in Israel and overseas.

**DielTech** specializes in the creation of advanced adhesive solutions, mainly for the microelectronics, medical device, and aviation industries.

**DielTech** started its activities as a manufacturer in 1987, and since then has amassed great knowledge and experience that allows the company to provide its customers with a custom-made solution following the highest standards. DielTech moto is: All your ideas can turn from a vision into a reality!

## WTG InnovationLab

The InnovationLab was established in 2020. The idea was to maximize the synergy level of the knowledge, technology, and human qualities within each company in the group. So far, the first fruits of the Innovation Lab are:

**BendSeal™:** Unique re-closing solution for flexible packages that helps consumers to keep food as fresh as possible after opening the package and to reduce dramatically food wast.

**FlexTube™:** Eco-friendly flexible tube, with folding properties which enabling the consumer to reclose it repeatedly, and to squeeze the content out up to the last drop. The folding properties based on BendSeal™. FlexTube™ is the the best innovative packaging award at the Israeli star packaging competition 2020.

## Future Investments

**WTG** is always looking to expand its portfolio through investments in industrial companies based on smart technologies with certain level of synergy to the groups existing holdings. Ideas and suggestions for new investments are always welcome and should be directed to Mr. Ohad Waizer at [ohad@tavit.co.il](mailto:ohad@tavit.co.il)
